Here's your chance to explore some great trails in the Conejo Open Space that you might not be familiar with! From March 1st through May 31st the Conejo Open Space Conservation Agency ([COSCA](#)) is challenging mountain bikers, hikers, trail runners and equestrians of all ages to try out these featured trails. See if you can complete all ten! If you do, you will be entered into a raffle and could win a prize donated by our **awesome sponsors** (give them a shout-out with your social media postings!). Attend the post-event party (details TBD) to see if you won. There is no fee to participate in the Challenge.

Email your photos or links to GPS tracks to coschallenge@gmail.com to show you've completed a segment. If you like, also post your photos on Twitter or Instagram with the tag #coschallenge.

Please follow all posted open space rules and [be courteous to other trail users](#). Please do not use the trails when they are muddy or closed, and stay safe. This is not a race, so take your time and enjoy the experience.

You can support COSCA by making a tax-deductible donation to the Conejo Open Space Foundation ([COSF](#)) at cosf.org/donate. COSCA is the agency entrusted with preserving, protecting, and managing the open space resources in the Conejo Valley, including management and maintenance of the trails in this Challenge. Visit conejo-openspace.org or facebook.com/ConejoOpenSpace/ for more information about COSCA.

Participants give their permission for submitted photos to be used by COSCA and COSF on their websites, social media and future promotions.

Please support our sponsors!
